This course has been excellent, the information is presented clearly and in a straight forward manner. I am engaged with the course and enjoying what I am learning.

- Scott Palus

Great Information pertaining to cyber law! Thanks for all of the useful resources!

- Jay Anderson

Very good course. It helped me with expanding my personal understanding related to Cyber Security Law.

- Vidhi S

Excellent !!

- Obakeng OnkgopotseMenyatsoe

Very helpful and informative.

- Kevin Gareau

Very good !!

- FuadThabet Ali Al-khawlani

I was looking for an introduction / overview. That was perfect.

- Valerie Follmer

Lecturer explained the content in a understandable manner and made the whole module interesting.

- Ramishka Karunadasa

Expectation was met as it presented a neat peep into the world of cyber and the emerging legislation surrounding this discipline. The course has given me confidence to pursue more interest in this discipline.

- Vanessa

Yes it was a good match for me. It enabled me to clearly articulate my thoughts on the components of cyber security laws

- Augustine

Super interesting and very well explained.

- Simone Heidenreich

Great overview of law issues concerning Blockchain Technology.

- Simone Heidenreich

Dr. Duggal is very knowledgeable and presents the information in a way that is easily understood. I really enjoyed his presentations!

- Alison MacCusbic

It was a good as it gave me an overview of cyber security law.

- Krishnaveni Sritharan

Yes, it was good match for me to get a broad insight of cyber security law.

- Pitula C. Hariry

It was an eye opener to cyber security issues and laws across the globe.

- Waxson

A great overview in a short duration. Kudos!

- AmeetPhadnis

This is such an insightful course.

- Zacciah Kwaku Adom Oduro

Good learning experience.

- Faiizan Hussain

I am an Information Security Specialist, I wanted to understand Cyber Law with regards to Africa developing countries. I must say the course has really give me a good starting point such that I know which direction I need to take. I believe in these developing countries there is a lot of cybercrimes being perpetuated due to lack of cyber law.

- Admire TaputairaMutsenhu

Extremely useful and classy!

Highly recommend this course to all those who are seeking to learn about cyber security.

- Tejaswini Anand H

The content is a good start in understanding the origin of cyberlaw.

- Jorina van Rensburg

The course was what I expected. Happy I did it. I liked that Dr. Duggal shared his thoughts throughout.

- Juronel Smalling

This course has aided to improve my understanding in the domain of cyber security. The world can have world war III in the form of digital cyber war.

- Smit Joshi

It is my first time participating in cyber law cause and It was good and an eye opener.

- Paulina Magongo

First of all, it was a very helpful course for me because there are various types of information I found in the course, secondly the way that doctor described the course was phenomenal.

- Khalid Adam Abdalghar Mahmoud

This course is informative. Clearly there is much work to be done in the area of international cyber security policy. Thank you Dr. Duggal.

- Jeff Pierce

The course is clear and explains the basics well.

- Johanne Moreau

This is a basic foundational course that really introduces you to Cyber Security Law. But it's still very interesting to watch and listen to if you want to get into the business.

- Van Thomas

Easy to understand at a non-technical level. Re-iterating information that I have heard elsewhere.

- Jennifer Bevan

Thanks I am very grateful.

- Ucheji Maurice

Yes I now understand the concept of Cybersecurity in its preliminary definition and why it is important.

- Rosemary Siriman

Excellent introduction to cybersecurity law.

- Nassim D.

Very informative and pleasant speaking voice by presenter.

- Chris Oliver

The explanation about the Cyber Security Law is very detailed, so that course is very important to know the fundamental aspects of CyberSecurity on the technology which uses the internet connection.

- La Ode HuseinZilullahToresano

Excellent information provided by a very well informed instructor. Mr. Duggal does an excellent job as giving the overview of Cyber Security Law.

- Jordan Wills

Brilliant insight into the introductions of Cyber Law. Rather engaging !

- Varun Sethi

Awesome Course. Very Informative and Useful!

- JuthawongNaisanguansee

It is mind blowing.

- Alicia Christine Scheffer

Excellent course and Instructor. I really liked it

- SiceloVilane

This is a good way to understand Cyber-Security and its features in our Internet espionage world!

- Stephen Ghimiray

Amazing, quick, and most importantly easy to understand. Has lots of further reading involving the matter embedded in the course.

- Christopher Mollfulleda

I don't know anything about the subject so this lecture helps create a foundation

- Damon Van Der Walt

Good coursepace of the course is good...content and resources are useful.

- Nanda

I want to keep learning about the Law aspect of the cyber security industry as a whole. Being in this field, there is a very large gap between us, who systematically collect the data as it relates to which ever case we are working on and the Attorneys who we hand the information off to.

- Eric J. Jung

I liked the way Mr. Pavan illustrated and explained cyber security law, this has helped me better understand the cyber security law in my country Uganda with the examples of Germany and China we really have much to do. Thanks Mr. Pavan Duggal

- Raymond Sekyewa

Very much enjoyed this introduction on Cyber Security Law. The course gives you a general idea of the discipline and how it manifests in the International System.

- Joana Catela

Excellent Course! An Eye Opener to a whole new world of Cyber Security.

- SemuDombo Jimmy

Well explained content.

- Michael Matey

Absolutely, it is an awesome course. Very clear in the concept. Short and accurate.

- Ankit Kumar Singh

Great course. Very informative. Thank you.

- Bobbie Smith

Everything about this course is great. I mean everything. Thanks a lot

- Emmanuel Wiafe

Very good material - very knowledgeable about international cybersecurity law.

- Michael Sullivan

Very good course, it really helps with building a stronger foundation.

- Cindy Carr

Very good course. Much relevant in the present day context.

- Umasree Raghunath

PAWAN Sir is awesome. It would be interesting to have more detailed courses by him.Thanks...

- Puneet Sharma

The Lesson was brief and simple. I am really enlightened, thank you.

- Stanley Enam Shiamatey

The course is very in depth and the instructor gets you thinking. He squeezes a lot into a short time and is very thorough. Thank you for this course!

- Grace Bourne

Awesome.

- Advocate Jaivish Patwa

The course is well structured, and I find the explanations to be easily understandable even to a beginner.

- Ana Maria Bobocea

I found this a very enjoyable and informative course. I greatly enjoyed the professor's steady explanation of the topic. Thank You sir!

- Richard Williams

Very good topic and to the point!

- Giannis Patsiokostas

I found the course interesting and walked away with a number of things to think about.

- Stewart Holbrook

Presentations consists of very clear information on structured manner. It is easy to understand and keep in mind.
